Summary

Versatile Software Developer with hands-on experience in CRMs, LMSs, e-commerce platforms, and full-stack web apps. Skilled in Flutter, Next.js, HTML5, JavaScript, PHP, and SQL. Known for building clean, scalable code and solving real-world problems fast. Currently building tools at BIMQP while continuing freelance dev work.

Experience

BIMQP 🌐

2024-12-01 - Till Date

Software Developer

Jaipur, Rajasthan

At BIMQP, I develop internal tools and client-facing web applications using Next.js, Flutter, and SQL. My role includes refactoring legacy codebases, building new features from the ground up, and maintaining scalable, high-performance systems. I work closely with designers and project leads to ensure clean UI, efficient backend logic, and alignment with business objectives. From fixing critical bugs in production to optimizing load times and deployment workflows, I contribute across the full development cycle to ship reliable, modern software.

Freelancer

2019-01-01 - Till Date

Software Developer

Remote

As a freelance developer, I build full-stack web apps for clients across domains — from e-commerce to AI tools. I handle frontend, backend, and deployment using Flutter, Next.js, PHP, and SQL, turning rough ideas into polished, production-ready solutions.

RENIT Private Limited 🌐

2023-03-01 - 2023-09-30

Application Developer / Consultant

Remote

At RENIT, I worked on full-stack web apps as an application developer and consultant. I modernized legacy code, improved performance, and helped deliver client-ready solutions by handling both backend logic and frontend interfaces — all in a fast-paced, deadline-driven environment.

Glowworm Renewable Energy Pvt. Ltd.

2021-03-01 - 2022-12-31

Web Development Consultant / Developer

Remote

At Glowworm, I built a full Learning Management System from scratch for internal training. Developed responsive dashboards and course modules using HTML5, Bootstrap, and JavaScript, integrated key security features, and delivered a smooth, cross-device experience aligned with business goals.
